

EORTC-Initiated Intergroup Study: Early Concept & Mature Protocol Studies

Responsibilities Key

- UK EORTC Liaison Officer
- UK Researcher
- EORTC
- Joint EORTC and UK Researcher/CTU

¹ Topics for discussion: Requirement for collaboration and any current plans/links with national groups, Identify names of CSG contacts already contacted and/or linked, Study Timelines – funding plans, Study Design, Patient Numbers and Funding identified.

² This may be dependent on the number of UK sites that are expected to be open and also the capacity of the EORTC Liaison Office to complete funding applications and navigate through this process.

³ Condition of Use Statement - Every collaboration interest pursued via this pathway will be subject to Terms and Conditions specifically relating to confidentiality via the Confidentiality Framework.
