

National Cancer Research Institute Clinical Studies Groups

Current vacancies: Scientific Members

Do you want to help shape cancer research in the UK?

The 18 National Cancer Research Institute (NCRI) Clinical Studies Groups (CSGs) have a remit to develop a portfolio of trials for specific cancer types or treatment approaches. This includes developing proposals, considering new research questions, overseeing the portfolio of existing studies, and securing research funding.

The CSGs are multi-disciplinary with representation from a wide range of specialities including (but not limited to) surgery, medical oncology, clinical oncology, radiology, pathology, epidemiology, psychology, statistics and translational science.

Please note, we do not accept applications from industry representatives due to potential conflicts of interest, however we do seek to work with industry through other routes where possible.

For a full list of the 18 Groups and their members please visit the NCRI website at <http://csg.ncri.org.uk/>.

We are currently seeking applications for the following Clinical Studies Groups:

Clinical Studies Group (CSG)	We are recruiting across <u>all disciplines</u> but would particularly welcome applications from the following areas
Bladder & Renal	Medical Oncologists with an interest in renal cancer or bladder cancer research and Pathologists
Children's Cancer & Leukaemia	Paediatric Histopathologists
Haematological Oncology	
Head & Neck	Oral and Maxillofacial Surgeons, Medical Oncologists & Oral and Dental Health Specialists
Prostate	
Psychosocial Oncology & Survivorship	Psychologists & Medical Oncologists
Sarcoma	Clinical Oncologists, Pathologists & Paediatric Oncologists with an interest in sarcoma research
Supportive & Palliative Care	Medical Oncologists and Statisticians
Teenage & Young Adults & Germ Cell Tumours	

We would also welcome applications across all the above CSGs from basic and translational scientists with an interest in shaping clinical cancer research.

For further information on the CSGs and expectations of members, please see below documentation:

» [CSG member role profile \(PDF\)](#)

» [CSG remit \(PDF\)](#)

If you are interested in serving as a NCRI Clinical Studies Group member, please upload your CV and covering letter in support of your application here: <http://csg.ncri.org.uk/ncri-csg-membership-application/>

In your cover letter please indicate:

- Your CSG preference
- Why you want to join the CSG as a Scientific Member
- Skills and experience you would bring to the role
- Examples of collaborative working and leadership
- How you would manage the time required to adequately perform the role

If you are unsuccessful in securing CSG scientific member role, you may be offered a position on one of the relevant Subgroups of the CSG, depending on capacity.

Applications will be reviewed in July 2018 by the CSG Chair and NCRI Head of Clinical Research Groups and a decision made at a review panel teleconference. No interviews will be held. The outcomes will be sent by the first week of August. For dates of the next CSG meetings, please check the events calendar on the NCRI CSG website by clicking the link below. This would allow you to have plenty of notice to attend the relevant CSG meeting, should your application be successful.

<http://csg.ncri.org.uk/events-and-activities/meeting-dates/>

Please note, the application deadline is Monday, 2 July 2018. If you have any queries regarding the role, please contact Nicola Keat Head of NCRI Clinical Research Groups, on 020 3469 5465 or Nicola.Keat@ncri.org.uk.
